

Covid-19 Protocol for Students- Hamady Middle High School

Student's Name _____ Grade _____

Today's Date _____ Return date if Quarantining for 10 days _____

You are receiving this correspondence because you either tested positive for Covid-19 or were in close proximity with someone who tested positive for Covid-19.

If you tested positive for Covid-19 then you are required to quarantine. You have only 1 option:

1. You **MUST** quarantine for 10 days. Please notify us if you have siblings that reside in your household so we can notify their school.

If you are in close proximity with someone who tests positive for Covid-19 you have 2 options:

1. Come to school and test for 7 days straight. As long as your test is negative, you may continue to attend school. If the test comes out positive during any of your days of testing, you will be sent home and forced to quarantine for 10 days.
2. You may be quarantined for 7 days, but on the 7th day you must go get a PCR test (from an Urgent Care or Hospital) and it has to come back negative in order to return to school.
3. Quarantine for 10 days.
4. Vaccinated students must still follow these options as well.

While you are out on quarantine, you are expected to log into all of your classes for Google Classroom (unless you test positive for Covid-19 and are ill and not able to physically work). Your teachers are available through Google Classroom, email, or their classroom phones (which they will answer before or after school or during their prep hour if they have one). **Please remember to communicate (either the student or parent) if you have any questions regarding assignments or if you would like to give an update to your teacher on your condition. We do not want you to fall behind in your classes, so please be sure to log in daily.**

Remember, if you are exhibiting any of the following symptoms, please stay home.

1. Sore throat
2. Loss of taste/smell
3. Headaches
4. Fatigue
5. Body aches/chills
6. Nasal congestion
